

## Uniform Accessories for Marching Matadors

Students are asked to purchase three things:

- Black marching shoes
- Black gloves (wind instruments only)
- Long black socks (crew length)- can be purchased anywhere

Please see Ms. Morgan if these expenses are a problem.

Black marching shoes are worn by all marching band members except color guard. Shipping from any supplier of marching shoes is very expensive on a single pair, so the boosters put in one big order for shoes to save money for everyone.

New shoes ordered through the boosters are \$45 a pair. Used shoes are \$10 a pair. Size inventory for used shoes changes all the time and not all sizes are available. Very large and small sizes are more scarce.

When deciding between new or used shoes, consider:

- \*How many years a pair may be used
- \*Whether or not your shoe size might change
- \* Whether or not the boosters have your needed size in stock

Black gloves are required for students who play wind instruments. If you play in the drumline or pit, you will not need to purchase gloves unless you march with a wind instrument for parades. Gloves are \$4 a pair through the band boosters.

To order gloves or shoes, fill out this form (or write the following information on another piece of paper) and place it with your payment in the gray box by Ms. Morgan's office. If you are paying with cash, place it in an envelope or secure it inside a folded paper (staple, paper clip, etc.) so it doesn't get lost. Make checks payable to SMHS Band Boosters.
